

PUBLIC LIABILITY TAKAFUL

Every organization, institution or body of people is under an obligation by law to regulate life and activity in such a way as to avoid causing injury, illness or disease or loss of or damage to property of other persons. If he fails in lawful duty to others, the injured party is entitled compensation in the form of damages. What our Public Liability Policy does is to help you in paying such compensation should they arise.

Public liability Takaful protects you and your business against the financial risk of being found liable to a third party for death or injury, loss or damage of property or 'pure economic' loss resulting from your negligence.n.
